

This comment is in regards to importance of K-Love radio in our local community. K-Love radio is a vital part of my family's daily life. K-Love provides programming that is not available on other stations.

K-Love provides encouragement to my entire family and to many others in the Tidewater area. If K-Love were subplanted by another radio station we simply would not be able to find equivalent programming elsewhere.

As a United States citizen and as a Christian I feel that it is in the interest of religious freedom and right to free speech that K-Love, which is listener supported, continue uninterrupted for the foreseeable future.

Thank you for this opportunity to comment on this vital issue.
